

Winter Hoods *G and SUPER-G*

Man gets cold and loses body heat at the head first and not, as is mistakenly believed, at the feet. With the onset of winter or colder weather the wearing of warm head covers is thus unavoidable to effectively avoid the loss of body heat. The winter hoods are exclusively manufactured for **VOSS-HELME** and consist of a comfortable wool-mix fibre. They are easy care and cover the entire head.

Both winter hoods fit all sizes and can be worn under all safety helmets.
