

# VisorLight

Safety helmet with integrated visor  
and new design

# VisorLight

## Our vision of the perfect safety helmet!

A comfortable safety helmet and integrated visor, suitable for spectacle wearers, come together in VisorLight to form a single concept. The separate front section allows new dimensions in customisation.

All brought together in a single, attractive design and in typical high-quality from VOSS-HELME.

- Safety helmet as per DIN EN 397 with integrated visor as per DIN EN 166
  - Polyethylene construction
  - Drawn-down helmet shell with unique concept and innovative design
  - Suitable for spectacle wearers
  - Well-balanced with rear positioned centre of gravity
  - Openings around ears allow a better fit for ear protectors
  - Side slots for ear protectors
  - Rain gutter
  - Effective ventilation openings
  - Stable, very comfortable 6-point webbed harness with highly absorbent sweat band
  - Angled neck strap for perfect fit
  - Chin strap holder
  - Size adjustment from 51 to 64 cm
  - Removable front section
  - Shell and front section can be supplied in two different colours
  - Integrated polycarbonate visor
  - Visor with high quality, scratch-resistant coating on each side
  - Total weight (shell, front section, visor and interior) only 475 g (approx.)
- Large-area pad printing possible
  - Supplied in polyurethane bags and individually boxed, packing unit: 10 items
  - Six standard colours (mint green, signal blue, carmine red, signal white, sulphur yellow, traffic orange)
  - Tested at temperatures down to  $-30^{\circ}\text{C}$

Increase the presence of your corporate identity by printing VisorLight helmets with your company logo in up to four colours. Receive high quality pad printing or screen printing when ordering ten items or more.

# Each individual detail is a highlight in itself. Brought together, the results are simply unbeatable!!

The unique design concept is made up of many ingenious features.  
Together they form the VisorLight.

## VOSS-HELME

Safety through quality

All of the models presented in this catalogue  
can be supplied with special fittings.  
The colours are not necessarily representative  
of the actual RAL tones. Variations are possible  
due to the printing methods involved.  
We expressly reserve the right to make  
technical alterations.
